The claim of priority is as set forth on page 1 of the application in the "Cross-Reference To Related Applications" section. The first sentence of that section is a priority claim through a first line of applications. The second sentence of that section is a priority claim through a second line of applications. The third sentence of that section is a priority claim to a single application (09/067,544). On June 16, 2001, Applicants endeavored to correct an incomplete priority claim listed on the original filing receipt by submitting a marked-up copy of the incomplete original filing receipt with the additions to the priority information indicated in handwriting.
